Community Support for Chile

March 3, 2010

Dear Community Members,

On Saturday, our brothers and sisters in Chile were devastated by a massive earthquake, registering at a magnitude of 8.8 on the Richter scale. This tragic event, which follows the awful quake in Haiti, gives cause for a moment of silence on behalf of the Chilean people.

While the timing of this cataclysmic earthquake may be overwhelming, it does not absolve us of our persistent obligation to help people in need. In truth, disasters such as this will continue to occur, but it is our responsibility as citizens of the world to help in any way we are able.

Thus, I humbly ask this community to show the people of Chile the generosity and compassion of which it is capable. Below is a compiled list of organizations that are working in Chile. I encourage you to show them what compassion truly means.

Remember: we're all in this together.

We can do no great things, only small things with great love. ~Mother Teresa
