

How to Apply for Accommodations at Naropa

My name is Moises Hinojosa. I am the person in charge of all accommodation requests at Naropa. I have been working at Naropa for 3 years and have over 20 years of work experience with students that have all types of abilities. In order to apply for any disability-related accommodation at Naropa or Leap Year you must first apply, submit documentation, and set up an interview with the Accessibility Resources Coordinator (Moises Hinojosa).

The best way to reach me is via email mhinojosa@naropa.edu

During the COVID situation I have access to voice mail as well but I check email throughout the day. 303-245-4749

I look forward to hearing from you should you need my services.

Services Provided

Naropa's services include assistance to students with documented disabilities such as (but not limited to) specific learning disabilities, physical/mobility disabilities, medical and psychological disabilities. Students who are unsure about the necessity for assistance are encouraged to speak to the Disability Resources Coordinator to explore their individual situation. Naropa's policies and procedures regarding the provision of academic accommodations and auxiliary aids to students with disabilities are available upon request
