

Office of Student Accountability

2025-2026 Annual Report

Naropa
UNIVERSITY

Definitions and Terms

Incident Report: Report submitted by any student, faculty, staff, or community member alleging a concern that may violate Naropa's Student Code of Conduct.

Case: Administrative file for an alleged violation of Naropa's Student Code of Conduct. It is possible to have a case file with no incident report when information is received directly to the Office of Student Accountability, or several incident reports pertaining to one incident.

Resolution: The process by which an alleged violation of the Naropa Student Code of Conduct is addressed. Resolutions may be informal or formal, if the case is deemed appropriate to be held under the Naropa Student Code of Conduct.

No further action/Dismissal: Dismissal of a reported concern occurs when the alleged behavior would not violate the Naropa Student Code of Conduct, if proven. This is also applied if the concern is referred to a more appropriate area or the reporting individual seeks coaching.

Informal Conversation: Occurs when a reported concern would not necessarily violate the Student Code of Conduct, but the reported individual would benefit from a conversation with the Office of Student Accountability to prevent future incidents.

Restorative Process: Occurs in specific cases when the Responding Party has a first-offense and accepts responsibility for violations of the Naropa Student Code of Conduct. Cases are held at the discretion of the Director of Student Accountability and result in a collaborative restorative agreement to repair harm.

Formal Adjudication: Refers to the formal administrative process used to investigate alleged violations of the Naropa Student Code of Conduct and determine findings of responsibility. This resolution is applied in cases where there is at least one responsible finding rendered resulting in applicable sanctions.

Formal Adjudication and Dismissal: Refers to the formal administrative process used to investigate alleged violations of the Naropa Student Code of Conduct and determine findings of responsibility. Applied in cases where all not responsible findings are rendered, resulting in a case dismissal.

Data

The data for the 2025-2026 academic year reflects incidents that occurred between July 1, 2025 to June 30, 2026
